#### Using photographic images of children – Consent Form

Child's name:\_\_\_\_\_ Class:\_\_\_\_\_

We use photographs and video as part of your child's learning at school (e.g. to refer to and talk about previous learning).

We take photographs of children either at school or when they are involved in organised activities away from the school site. We may use the pictures in school publications such as: the prospectus, newsletters, Learning Platform and on our website. We may also make video recordings for use by the school. In order to comply with the Data Protection Act 1998, we need your permission to photograph or make video recordings of your child. Occasionally, the school may be visited by the news media (usually local newspapers) to take photographs or film an event at the school. Pupils may appear in these images, which will be published in local newspapers or even broadcast on television.

Please sign and date the form where shown below and return it to the school as soon as possible.

- I the Parent/Guardian agree that photographs or video recordings of my child may be taken during the course of school activities.
- I further agree that both the photographs of our child's image and name may be displayed within the school or upon any electronic system run on or behalf of the school or within any publication of the school; including prospectus, displays and other publicity.
- I give consent to my child being photographed by local newspapers and other news media, on the basis that their full names will not be published along with the picture.
- I also agree that if I, or members of my family, take photographs or video recordings at a school event, these will be of my own children and that I will not post images of other children on social networking sites or anywhere on the internet.

I have read and understood the schools policy above. My decision on whether to give consent will remain valid throughout my time at the school, unless I notify the school to the contrary in writing.
